STEP 2: FILL OUT THE REGISTRATION FORM

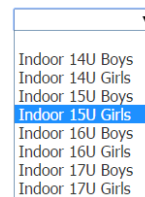

Beginning at the top of the form, start by selecting the age and gender category that corresponds to your respective team from the dropdown box. For example, if you are registering a 15U Girls team, you would select "Indoor 15U Girls" as shown here →

Indicate your club name and your team name. Please refrain from including the city, age category and gender in the team name. (Example: Use 'Krush Red' instead of '15U Girls Krush Red').

Select an age/gender category: *

Name of Association: *

Team Name: *

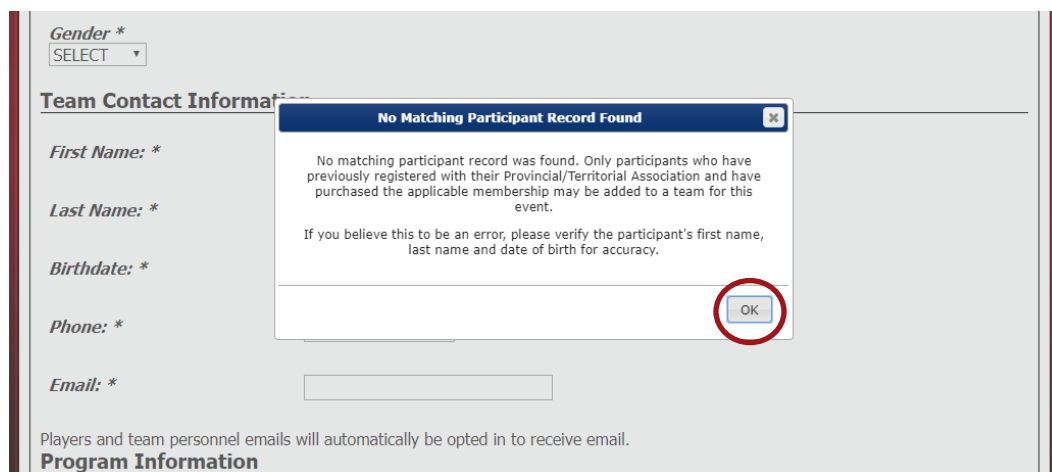

The last part of the team information section will ask you to answer 3 questions. There are 2 questions that pertain to playing up an age group and 1 question regarding the Stay to Play Policy to pre-exempt local teams to save them from filling out an exemption form.

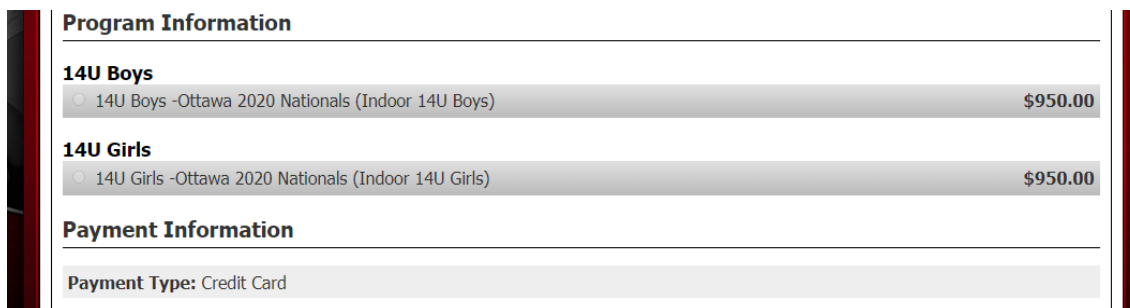

1. What is your team's declared age category?
 - For this section you are to indicate the age category of the team based on the [2020 Nationals Age Category](#) guidelines.
2. Does your team intend to play in any additional age categories during the 2019/20 season?
 - This is where a team will indicate if they plan on playing in an additional age category aside from their declared age group
3. Is your team a "local" team that resides within a certain distance of the host city?
 - If your team resides within the range indicated on the registration form, you can click "yes" in order to be pre-exempt, which means you will not be required to fill out a Stay to Play exemption form. All teams will be verified and contacted if they do not qualify for a pre-exemption.

After the team info section, you will move on to the team personnel section. The Head Coach name, email and phone number is required as well as the primary contact for the team or club. This is important because this is where all communication regarding the tournament will be directed to leading up to and during Nationals.

***Note:** When filling out the contact information section, the below pop up may appear. Please click "OK" and continue filling out all the information. The registration is not hindered and no follow up with VC is needed.

Once you fill out all the information for the team contact, you will reach the step where you will see the program information section, as pictured in the example below.
