

Youth Nationals Practice Time Booking Guide: How to use Simplybook.me

For the third year in a row, we will be using the Simplybook.me platform to provide teams with the opportunity to book a 45-minute practice slot on the check-in day for their tournament. Please follow the guide below for all reservations. Teams will be able to make reservations on a first-come, first-serve basis. There will be a limit of one time slot per team, as well as one reschedule per team. Each team that books more than one time slot will have their reservation cancelled.

The link to book time slots can be found on the Nationals event-specific pages under “Schedules” then “Practice Times”. Teams will be able to view an updated list of booked practice times on the Nationals website each week. A Master Court Schedule with assigned courts will be available onsite.

Please note that due to high demand, a queue may be implemented to avoid system errors.
