# National Championships Introduction

Volleyball Canada is proud to have hosted successful National Championships since 1953. Since the Open format was introduced nearly 20 years ago, teams from all over the country have been competing for the national title in a variety of age categories, from 14U to 35+. There are now over 1,00 teams that participate in the National Championship events annually.

Volleyball Canada National Championships operate with an open format meaning that any team from across the country has the opportunity to participate. The open format has made these true national events with participation from nearly every province and territory. The current format welcomes club teams competing in the 14U to 18U age category across the country. These championships are held on an annual basis offering the opportunity for Canadian teams to compete for the title of National Champions.

In 2019, Volleyball Canada offered a new format to participating teams by combining a true national championship experience along with the opportunity for regional access to competition. Age categories 15U – 18U were held as a true national championship without a regional split. 14U National Championships are held regionally to maintain regional access across the country. The goal is to host one event in the Atlantic, Eastern and Western provinces. The regional events provide local access to younger teams however they do permit travelling teams to attend. while the 14U events maintained the regional access across the country. This new format proved successful in that Volleyball Canada saw a significant growth at the 14U level.

An experienced and competent host organizing committee is required to host a Volleyball Canada National Championship event. The members of this committee should have previous experience in the planning of volleyball events and/or other sporting events and must be active in both the planning and execution of the event.

The committee should be made up of people with expertise and knowledge in a variety of different fields. The members can come from various organizations, including the Provincial/Territorial Association (PTA), local tourism board, local sport tourism agency, local volleyball clubs, local college or university volleyball programs, etc.

Volleyball Canada recommends that the host organizing committee identifies an individual for each of the following positions:

- **Event Chair**  
This person is the main point of contact between the host organizing committee and Volleyball Canada and is responsible managing the rest of the committee members. This individual must participate in the planning calls with Volleyball Canada and must be on site throughout the event.

This person is responsible for all technical aspects of the event, including the acquisition of facilities and competition equipment, management of the competition, and the set-up and tear-down of courts.

- Coach Check-In
- Ticketing
- Access Control
- Results Management
- Medal Ceremonies

- Participant Experience

As a national sport organization, Volleyball Canada is committed to offering services in both official languages. We recommend that a fluently bilingual staff member or volunteer be on-site at all times to help assure that this commitment can be met. This is especially important for the Eastern and Atlantic events; however there is always a chance that French-speaking teams or athletes are in attendance at events based in the West of the country.

## **7.6 Finances**

Hosts will take on all financial responsibilities for the 14U National Championships including the payment of invoices that are the expense of the host as well as overseeing the full event budget.
