

Community Coach Training

The **Community Coach Workshop** is designed for **club** coaches looking to expand their knowledge of how to develop players in the Fundamentals (6-8) and Learn to Train (9-12) stages. This workshop is not currently an eligibility requirement for coaches attending any sanctioned club events such as Provincials or Nationals, but is recommended to support coaches in delivering Smashball programs. The workshop is a 3-hour National Coaching Certification Program (NCCP) live/synchronous online course that provides:

- Interactive, Learning Facilitator lead exercises, video demonstrations, and quizzes to support learning and program delivery.
- Instruction on how to deliver the Smashball game using materials within Volleyball Canada's free Smashball Trainer App.
- 80-page Activity Bank.
- 5 Professional Development (PD) points for NCCP certified coaches
- The NCCP status of: "Trained" Community Volleyball Coach
