

VOLLEYBALL CANADA 2022-2023 INTERNATIONAL TRANSFER INFORMATION & PROCEDURES

All Canadian athletes, regardless of National Team affiliation or otherwise, must follow the FIVB and Volleyball Canada guidelines for International Transfers to play volleyball in foreign leagues in other countries around the world.

The fees received by Volleyball Canada through the 'International Transfer Program' are used exclusively to support our Indoor National Team athletes. The fees help the athletes with living expenses while training in the National team Centres, paid to them through the Centre Athlete Assistance Program (CAAP).

The International Transfer Process and Fee Schedule is reviewed annually with input gathered from several interested parties, including athletes, agents, and the National Team Committee. The intent of any fee revisions is to fairly assess the fee schedule for all athletes involved, while still recognizing the overall benefit to Volleyball Canada and its National Team athletes.

Following is the transfer procedure to be followed by Canadian Athletes participating in Foreign Leagues for the 2022-2023 season, along with the Transfer Fee Schedule. **Note that this policy only applies to transfer requests from Canadian athletes wanting to play in a league outside Canada.**
