2023 VIRTUAL PERFORMANCE ANALYSIS TRAINING

April 17 to 21, 2023

via Zoom

Canada's Men's National Team Performance Analyst, Lionel Bonnaure, is proud to present Volleyball Canada's Virtual Performance Analysis Training for a fourth consecutive year! The training will feature Nate Ngo, Performance Analyst for USA Volleyball Men's National Team, as well as world-renowned software developers and coaches. This year's training will target the development of head coaches, assistant coaches, and performance analysts. We will cover indoor volleyball, beach volleyball and sitting volleyball.

Eligibility: Open to Canadian & International candidates with various backgrounds (University, College, PTA, Clubs, National Teams, etc.)

Nate Ngo

Nate is the Performance Analyst with USA Volleyball Men's National Team

- Silver Medal at the 2022 FIVB Volleyball Nations League
- Qualified for the 2020 Tokyo Olympic Games
- Bronze Medal at the 2018 FIVB World Championship
- Bronze Medal at the 2018 FIVB Volleyball Nations League
- Bronze Medal at the 2016 Rio de Janeiro Olympic Games
- Gold Medal at the 2015 FIVB World Cup
- Bronze Medal at the 2015 FIVB World League

Lionel Bonnaure

Lionel is the Performance Analyst with Volleyball Canada's Men's National Team

- Silver Medal at the 2022 WPV Sitting Volleyball World Championships (CAN)
- Qualified for the 2020 Tokyo Olympic Games (CAN)
- Bronze Medal at the 2017 FIVB World League (CAN)
- French Cup with Venelles Women Professional Club 2016
- Qualified for the 2004 Athens Olympic Games (FRA)
- Bronze Medal at the 2002 FIVB World Championship (FRA)

Dr. Ben Raymond

Dr. Raymond is a quantitative research scientist and software developer and has co-authored over 100 scientific publications and 40 software packages. Together with Adrien he is the co-founder of the openvolley project, which aims to make advanced volleyball analytics more accessible to the volleyball community with open-source software and other resources. Ben is also a founding partner of Science Untangled, which provides volleyball analytics services to amateur, professional, and national teams worldwide.

Dr. Adrien Ickowicz

Dr. Ickowicz is a senior research statistician who has co-authored more than 50 research articles and reports in theoretical, computational, and applied statistics. He is a co-founder of the openvolley project with Ben, and a partner in Science Untangled. Adrien is also a volunteer experienced coach at amateur level and spends a lot of time on the court to train the next generation of Tasmanian volleyball players.
